

# SUMMER SCHOOL 2013

INNOVATION  
INSPIRED  
BY NATURE

## What:

With nature as a source of inspiration you will participate in developing new solutions to everything from technological to social issues.

## When:

The course begins friday the 9<sup>th</sup> of August and lasts for the following three weeks. You are expected to be available to teaching and group work full time for the three weeks.

## Who:

To join the summer school you have to be a master's degree student at either UCPH, CBS or DTU. We offer 40 students a spot at the summer school. Interdisciplinarity is an important part of the course so students from all programmes are encouraged to apply.

## How:

Send a motivation statement and your resume to [nina.riis@science.ku.dk](mailto:nina.riis@science.ku.dk) before May 2<sup>nd</sup>.
