

SPRING 2018 INTERNSHIP OPPORTUNITIES

ABOUT ART 2030

ART 2030 is a not-for-profit organization connecting art and the United Nations Global Goals for Sustainable Development. ART 2030 sets a bold vision to unite the universal language of art as the key to open people's hearts, minds, and imagination for the world we want by 2030. Working on the margins of the United Nations, ART 2030 inspires and mobilizes action towards the Global Goals through art projects, happenings, events and other programs.

ART 2030 is a non-profit currently based in the UN City Copenhagen.

ABOUT ART 2030 INTERNSHIPS

ART 2030 offer full-time internships to provide Master students with the opportunity to integrate their knowledge and education with real-world experience within creative non-profit organizations. Our interns are an integral part of the ART 2030 team, expected to take on vital responsibilities for large, long-term projects. Spring semester interns will be joining ART 2030 at a crucial point of development as we prepare for multiple programs and projects both within and outside Denmark in 2018.

ART 2030 prioritizes candidates who are:

- Currently enrolled in a postgraduate program
- Studying in art or communications related fields, e.g. History of Art, Visual Media, etc.
- Strong knowledge of contemporary art (both Danish and International)
- Excellent command of Danish and English with strong writing skills
- Experienced in art-related communications
- Have a basic grasp of graphic software programs such as Adobe Creative Suite, etc.
- Able to work on Mac systems with fluency in word-processing programs
- Detailed oriented and motivated

Tasks include and are not limited to:

- Copywriting, proofreading and editing both English and Danish materials
- Image and graphic editing and creation
- Maintenance and development of communication platforms
- Project planning and production assistance
- Research and presentation material assistance
- Administrative tasks as required
